

I am very interested in hearing your views on issues of importance to you. Due to the large volume of U.S. Mail, email and faxes I receive, I am only able to accept messages from residents of the Third Congressional District of Missouri. Congressional courtesy dictates that Representatives be given the opportunity to assist their own constituents. If you are a resident of another district, I encourage you to contact your Representative in Congress by clicking the following link to the [Write Your Representative Service](#) .

To share your thoughts and concerns please [click here](#).
